

# Weatherization Benefits & Incentives for Multi-Family Homes

Save on weatherization upgrades like insulation and air sealing for your multi-family building with several incentives available to Chicagoland homeowners and landlords. Increase your property value while decreasing utility and operational costs with weatherization services from Building Energy Experts!

## Rebates for Home Assessments, Insulation, & Air Sealing

ComEd customers with a 3+ unit building can increase the efficiency of their multi-family home with a no-cost home assessment and up to 100% of insulation, air sealing, and more! Add value to your apartment building by lowering the cost of utilities and reducing energy loss.

## No-Cost Weatherization Upgrades

Insulation & air sealing can increase comfort for your tenants, meaning less turn over for you! Income-eligible, multi-family properties in ComEd, Nicor Gas, Peoples Gas, and North Shore Gas territories can qualify for no-cost weatherization services from Building Energy Experts.

## Call Building Energy Experts

As a BPI-Certified weatherization contractor, Building Energy Experts can help you qualify for insulation and air sealing incentives. Our team can help you find comfort and energy efficiency solutions that'll make you and your tenants happy.
